

## **REGION 45 (WISCONSIN) 700 MHz PUBLIC SAFETY PLANNING COMMITTEE ANNOUNCES MEETING**

The Region 45 (Wisconsin) 700 MHz Public Safety Planning Committee announces that a meeting will be held on Wednesday, June 6th, 2012, from 1:00 PM to 2:00 PM. This meeting will be in conjunction with the 800 MHz RPC meeting just afterwards. The East Central region State Communications Interoperability Plan (EC SCIP) meeting will be held that morning.

The meeting will be held at the Dodge County Emergency Management Office, Juneau. The Office is located at 124 West Street, Juneau, WI. This meeting is being hosted by Dodge County Emergency Management.

This meeting will include a discussion regarding any possible updates to the current Region 45 700 MHz plan. Current actions will be discussed. A "D" Block and FirstNet update will be given, and the use of TETRA technology in the 700 MHz spectrum will be discussed.

The Region 45 700 MHz Public Safety Planning Committee meeting is open to the public. All eligible public safety providers in Wisconsin may utilize these frequencies. It is essential that participants be representative of all eligible public safety providers in order to ensure that your agencies' future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs. Vendors are encouraged to attend as non-voting members and serve as a resource to the committee.

Region 45 encompasses the State of Wisconsin except for Dane, Dodge, Jefferson, Kenosha, Milwaukee, Ozaukee, Racine, Rock, Walworth, Washington, and Waukesha Counties.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band within Region 45 should plan to attend. For further information, please contact:
