

Public Safety Communications Research (PSCR)-

www.pscr.gov/about_pscr/pscr_about.php

PSCR program provides research, development, testing, and evaluation to foster nationwide communications interoperability by providing insight to wire line and wireless standards committees developing standards for voice, data, image, and video communications.

FirstNet – www.firstnet.gov

This site provides update-to-date information and resources for the national public safety broadband network (FirstNet) initiative.

National Highway Traffic Safety Administration (NHTSA) – 911.gov - www.911.gov

The National 911 Program’s mission is to provide Federal leadership and coordination in supporting and promoting optimal 911 services.

Federal Emergency Management Agency (FEMA) – www.fema.gov/grants

This site includes links to grant opportunities.

Wisconsin Emergency Management - <http://emergencymanagement.wi.gov>

- Wisconsin Emergency Management (WEM) coordinates effective disaster response and recovery efforts in support of local governments.
- Manages Homeland Security grants. Grant announcements are posted on this Website and the WEM Egrant website is accessible through this website along with training announcements (login & password required for Egrants access).
